Avtrac Founder & Chairman

 Avtrac - Since 1992

PIONEERING AVIATION TECHNICAL SERVICES

Avtrac was formed in 1992 to offer industry-leading technical consultancy services to aircraft lessors, operators & financiers.

As a trusted independent advisor to our clients, we are now seeking strategic capital partners to expand our data-driven asset management strategies.

Leveraging our unmatched knowledge base and industry-wide connections, our team is poised for exciting growth in the commercial and corporate aviation asset management segment.

PRIMARY CONTACTS

JOHN EICHTEN

Commerical Director - Pre-sales support and account management. John will act as primary point of contact for RFP issuance and commercial/technical replies.

MARCIAL CASIANO

Head of Asset Management - Provision of Avtrac resources for pre-sales support and internal resource allocation upon contract award.

TINO BARRY

Avtrac CAMO Director - Airworthiness and technical management oversight. Quality assurance on task issuance, as required and signatory authority on matters of technical acceptance.

GLOBAL REACH

Avtrac expertise is available globally through our extensive network of FTE & contractors strategically stationed across Europe, The Americas & Asia.

EXPERIENCE

Since 1992, Avtrac has been recognized as a trusted advisor on behalf of owners & operators with experience managing billions of dollars in aviation assets. Let our expertise work for you.

ACCESSIBILITY

Our clients expect us to be ready when they call and we are! Guaranteed access to our team is at the core of our corporate structure.

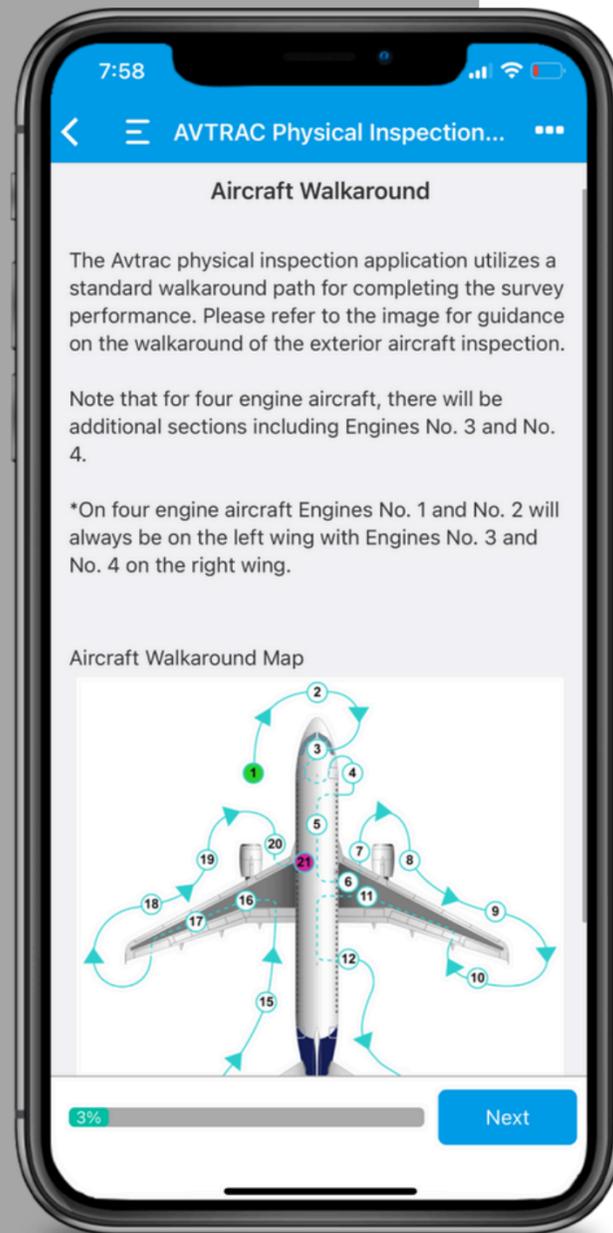

TRANSPARENCY

Project success depends on clear communication in order to manage outcomes. Avtrac is foundationally committed to transparency.

TRUSTED EXPERIENCE.

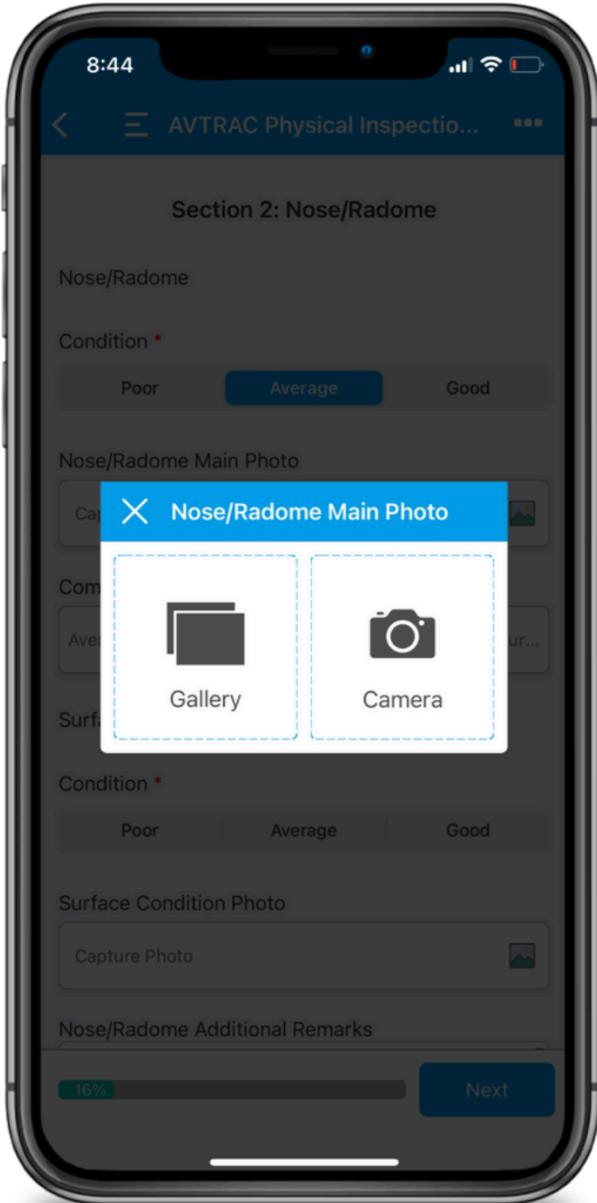

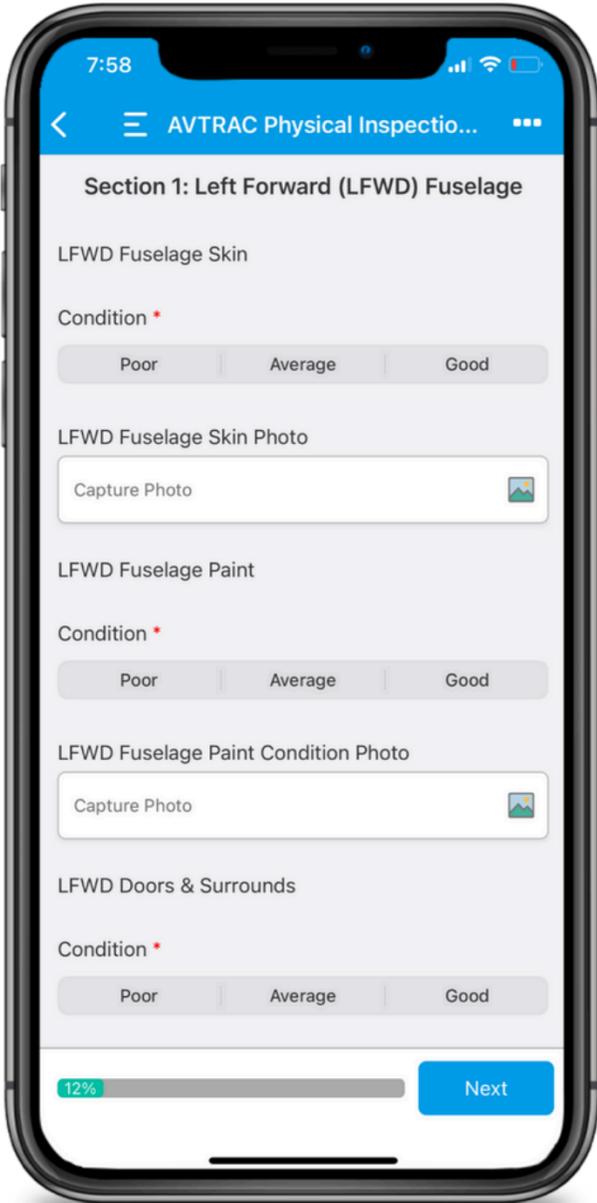

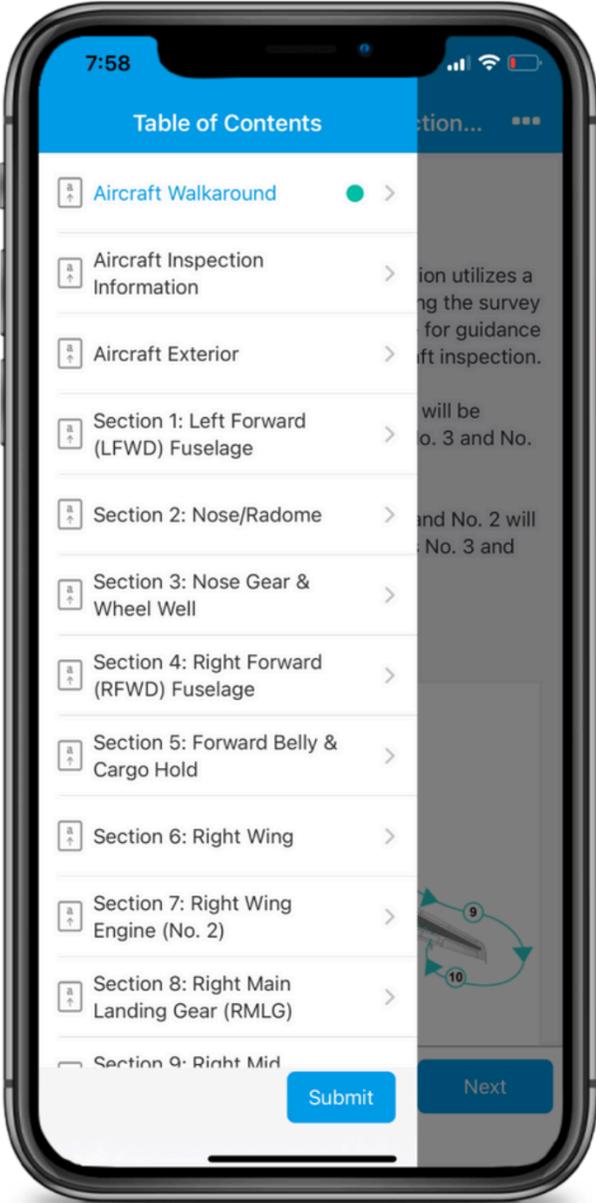

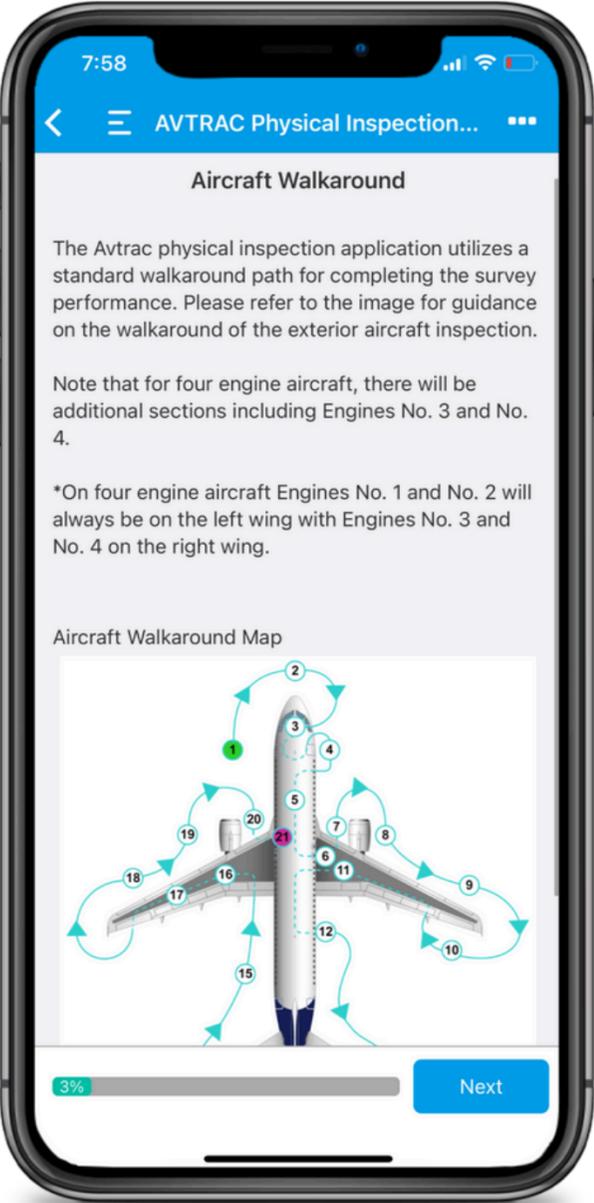

SOFTWARE DRIVEN EFFICIENCIES

Designed and developed through a PaaS provider, the Avtrac Physical Inspection App standardizes data collection during the survey process.

The application design is intentionally inclusive of specific elements from lessor data sheets which prioritize portfolio management and facilitate simplified data transfer.

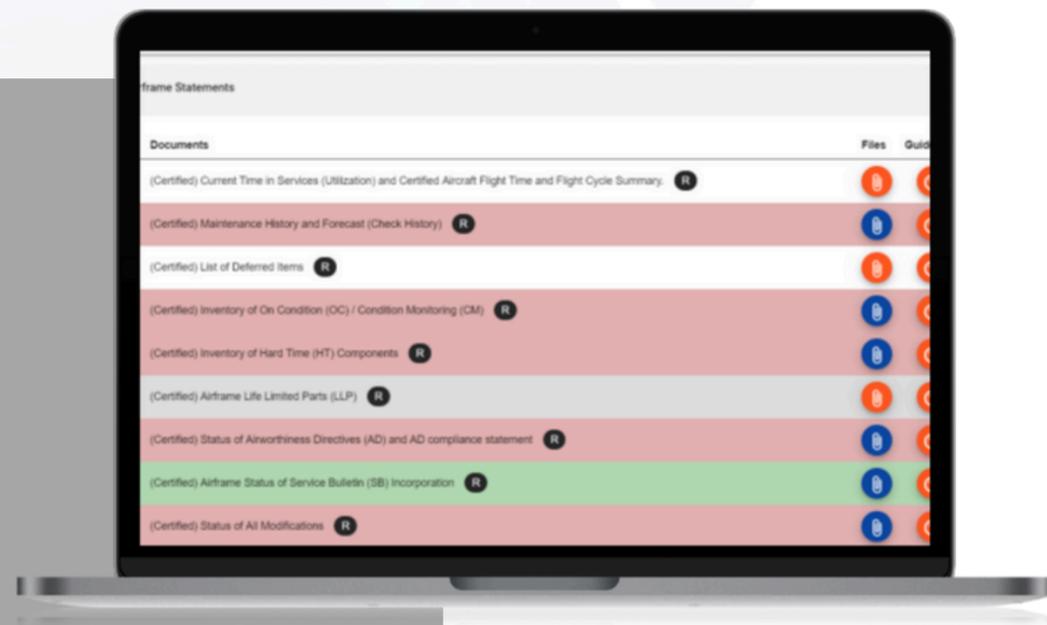

AVTRAC PHYSICAL INSPECTION APP

AIRCRAFT RECORDS CONTROL (ARCS)

Focused on standardizing data aggregation and presentation, ARCS was originally designed by the team at M3 and part of the 2024 acquisition.

ARCS provides a “real time” look at the overall health of an asset’s technical records.

AVT FOOTPRINT

HOW WE SUPPORT OUR GLOBAL CLIENTS

The Avtrac full-time staff is comprised of individuals in our London-Gatwick office where our administrative and technical records team are located. As a family owned firm, our commitment to providing a flexible, hybrid work environment that allows our team members to maintain a positive work-life balance is always top of mind. Our cohesive units work seamlessly with each other to support individual projects and ongoing asset management strategies for our clients, globally.

Avtrac UK Ltd.

Our administrative staff, technical records, and CAMO staff are located in our UK home office and consists of 11 full-time employees as well as, 5 long-term contractors and part-time records representatives. Current staff tenure ranges from 3 to 25 years' service to Avtrac.

AVT Avtrac Americas LLC

With the commercial aircraft leasing community based primarily in Europe and the United States, it is imperative that we maintain a presence in both geo-zones. Avtrac Commercial Accounts Director, John Eichten and Head of Asset Management, Marcial Casiano (FL) represent our interests in the Americas.

Strategic Client Alignment

Our team's understanding of our clients ensures we provide tailored services specific to their individual requirements. A long-term client recently described our approach as an "extended workbench" wherein Avtrac is continually connected to ongoing operations.

HOW AVTRAC FITS

THE SUPPLY CHAIN PUZZLE

01 Asset Purchasing & Due Diligence

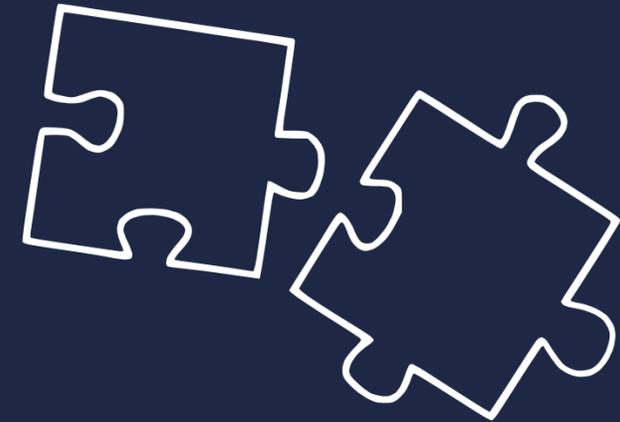

Our clients trust us to provide full scale due diligence on asset purchases. Parts companies are buying further up the life cycle to ensure the supply chain for overhauled components remains stable through the next decade on current technology.

02 A Focus on Data Standardization

The technical data behind aviation assets is fundamental to maintaining maximum value. Backed by our expert human knowledge base, our digital tools can standardize technical data presentation across multiple business units.

03 Consolidated Services for the Fleet

Auditing data and providing turnkey asset management strategies for investors is at the core of what we do. As an experienced partner, Avtrac as an extension of your "in-house" technical service division, provides extraordinary value.

WHAT OUR CLIENTS SAY

REOCCURRING REVENUE AND LONG STANDING RELATIONSHIPS

WITH INDUSTRY CLIENT RELATIONSHIPS THAT SPAN MORE THAN A DECADE, OUR TEAM CONTINUES TO PROVIDE THE HIGHEST LEVEL OF SERVICE AVAILABLE.

At the heart of our success lies the unwavering satisfaction of our clients. We take pride in fostering lasting partnerships, consistently exceeding expectations, and delivering results that not only meet but surpass the unique objectives of each client we serve.

THANK YOU
